## Description

### "Great Escape" Narrow Boat - Owner's description

"Great Escape" is an exceptional, luxurious narrow boat designed for two discerning individuals with option for an occasional guest in the front salon. With a 16.1M length + 2.1M Beam she has the capacity to cruise the complete canal and river systems of the UK, over 2700 miles of inland waterways to be explored. "Great Escape" has been designed as a traveling "sumptuous home" on the waterways fitted with a bathtub, mini washing machine, diesel fired central heating, wood burning stove, as well as a gourmet kitchen with three types of ovens, she is a floating retreat from the 21st century mayhem of the modern world. She is able to cruise "of grid" for up to 21 days at a time (dependent on consumption of essentials, water / diesel / black water capacity, etc etc ). Designed for a minimum cruise of 3 to 4 hours per day to keep batteries and hot water topped up on a daily basis. Alternatively, a 13amp 240V shore feed can be applied in Marina. Front locker: 3 x Propane gas cylinders two units of 6KG and one unit of 3.9KG, expandable fresh water hose, 1 x steel anchor, space for additional solid fuel and log storage. Right hand locker: mooring pegs, hammer, engine grease, paints, maintenance items. Left hand locker: Space for logs, kindling and coal. Front salon: Four large panoramic windows with curtains, Wood burning stove, feature shelf for "Budda", sofa with two cubic meters of storage under sofa, occasional table for dining. One radiator to heat the salon during the winter months. Carpeted in burgundy red to match stove surround tiling. Study Area: Desk, under desk radiator for winter months, folding comfy office chair (folds away under the desk) seven 240V power outlets, four USB power outlets for charging phones etc.... Space saving mono pole computer monitor stand. Three storage boxes, shelves for A4 files and wifi router. Mini bar with cut glasses and half bottles of various spirits and mixers. Six small drawers for storage. Under desk radiator for warm winter working! Kitchen:
