

WINTER LAYING UP FORM 2019/20

Please complete and return by Monday the 25^h October 2019. If you would like any additional work or a quote, please fill in the relevant section of this form on page 5.

<u>YOUR DETAILS</u>		<u>BOAT DETAILS</u>	
Name:		Boat Name:	
Address:		Castle Berth No.	
		Lease Berth No.	
		Length:	
		Engine Make:	
		Engine Model:	
Post Code:		No. Of Engines:	
Mobile Number:		Home Number:	
Email Address:			

I would like my boat lifted and blocked off week commencing:

Monday 04th November

Monday 18th November

Alternative **prior** arrangement:
(Date): _____

Leave my boat in the water BUT
Winter Works required by
(Date): _____

I would like my boat re-launched week commencing:

Monday 2nd March

Monday 16th March

Tuesday 14th April

Spring Works required by
(Date): _____

Please Note:

- 1) Boat lifting/re-launching takes place within a two-week block; please be advised we are unable to give you an exact date for lifting/re-launching your boat within your chosen block.
- 2) Once lifted the dates remain fixed; the location of your boat within the yard relates to the re-launch date of your Boat.
- 3) Easter Bank Holiday Monday falls on 13th April 2020.
- 4) Storage ashore is free for annual Castle Marina customers only. All other craft will incur a storage fee at £3.00 Per ft per month, plus VAT, with the exception of those boats booked in with Marlex Marine for a minimum of £750 plus VAT winter work.
- 5) The area around and under your boat must be clear of rubbish and removed from site.
6. Please note that Marlex Marine do not provide/lend ladders or any other equipment.

MARINE ENGINEERING & BROKERAGE

BOAT LIFTING PRICES		Price	Tick	Winter	Spring	Job No.	Invoice number
				Office Use	Office Use		
To collect boat from mooring berth Lift out and chock off on hard-standing	Per Foot	£ 6.95					
Re-launch and Return to mooring in the Spring	Per Foot	£ 6.95					
Move on hard-standing if work not completed by the Owner at launch date/boat movement re slurry blast	Per Move	£ 150.00					

ENGINE SERVICES		Price	Tick	Winter	Spring	Job No.	Invoice number
				Office Use	Office Use		
100 hour / Annual Engine Service Petrol up to 4cylinder	Per Engine + Parts	£ 195.00					
100 hour / Annual Engine Service Petrol 5 to 8 cylinder	Per Engine + Parts	£ 240.00					
100 hour /Annual Engine Service Diesel	Per Engine + Parts	£ 195.00					
Dose fuel tank with stabilizer / conditioner	Per Tank	£ 25.00					
Gear box oil and filter change	Per Unit + Parts	£ 56.00					
Inhibit engine internally (fogging)	Per Unit	£ 25.00					
Remove / Refit lower unit for security (outboards)	Per Unit	£ 56.00					
Engine Winter decommissioning	Per Hour +Parts	£ 56.00					
Test Battery condition / Top up cells	Per Hour	£ 56.00					
Corrosion guard engine and ancillaries	Per Unit	£56.00					
Engine re-commissioning – Spring	Per Hour	£ 56.00					
100 hour / Annual Engine Service Outboard up to 20hp	Per Engine + Parts	£ 195.00					
100 hour / Annual Engine Service Outboard 20hp +	Per Engine + Parts	£ 240.00					
Complete Outdrive service	Per Hour + Parts	£ 56.00					
<p>Cost of outdrive servicing varies depending on make, model and condition. Early Volvo - typically 5 hours / Mercruiser - 8 hours, Including gimbal. Outdrive oil should be checked every time the boat comes out. Mercruiser drives should be removed and have the shaft re-greased every year. Insurance companies are now inspecting the condition of outdrives and walking away from claims for sunken boats when improper maintenance of the drive is suspected.</p>

GUIDANCE INSTRUCTIONS FOR COMPLETION OF LAYING UP/FITTING OUT FORM

(Terms and conditions)

We have asked that you indicate when you wish the Laying-Up of your boat to begin and when you would like your boat re-launched. As we can only Lift/Lay-Up/Re-Commission a limited number of boats per day, labour will be allocated on a **'first come first served basis.'**

When dates have been given it may not be possible to bring forward or delay your instructions without additional charges being made.

Every effort will be made to meet your specified dates, however the Company cannot be held responsible for unforeseen delays, due to inclement weather conditions, staff sickness or shortage of parts, etc.

In certain cases due to corrosion or lack of use, additional time may be required to carry out some of the listed tasks, in which case you will be informed if any problems have been encountered. The above information also applies to badly fouled hulls, which may require hand scraping.

If you have a boat with ageing or non-production engine systems or equipment, this may require additional labour charges, we will wherever possible contact you prior to any work being undertaken.

The Company cannot be held responsible for any articles or any equipment left on the boat whilst laid up on hard standing., including outboard engines. We would advise that you remove all valuable articles prior to your boat being laid-up. Please ensure that any loose or fragile items on board your boat are packed away safely. It is recommended that diesel tanks are left full through the winter months and that gas bottles are removed from the boat.

We have listed all of the essential laying up tasks that we believe are necessary for the safety of your boat during the winter months and for re-commissioning in the Spring; we will be pleased to undertake or quote for any additional work that you may require.

Please note that at present there is no electricity or fresh water available within the boat storage area.

Strictly no engineering contractors are permitted to work on your boat in the compound. However, if the work is of a type for which Marlex Marine would normally employ a specialist subcontractor i.e Canopy Makers, Upholsterers they are required to contact our office to discuss our terms & conditions for working in the compound. In the absence of an agreement, the commission will be assessed on a likely cost of completion and the fee will be payable by the contractor at the current rate. External contractors are required to provide valid insurance and to report to the marina office to register their arrival and departure from the compound.

Any persons entering the boat storage compound do so at their own risk. Any works undertaken by boat owners is done so at their own risk. Owners are responsible for any losses or damage they make to their own or any other person's property. Due to health and safety we are not allowed to lend out any equipment including ladders. Another responsible adult should accompany any person working in the compound. (No lone working, if you fall off your ladder you could be laying there for hours without being found!).

Compound opening times: 8-4 Weekdays / 10-4 Weekends. You can only gain access to your boat between these times. The site will be closed for two weeks during the Christmas break; during this time there will be no access to the boat compound.
